Gentlemen

Have received no answer for my last letter to your department and received an answer to one sent to Lethbridge stating that the land in question is open for location, and was returned to our department in regard to filing it. As I have stated before on case and that we have been served the first notice to pay said land we have invested a great deal of money accordingly on said land. We are not in a position to forfeit said land as our rights have been taken and we beg of you to give us the usual age to pay said land, as our investment would be at a sacrifice without it. I will not go into details at present in regard to assurances we had from the Rail Road Co before we the Government take it and also the Government after the first notice we had, and I am sure you will admit this is it. Again I beg of you to consider the circumstance under which we made our investment on said land, and at earliest possible time give us a right to it. Land as it is very necessary to us.

Yours very truly

MEMORANDUM:-

The Frost-Johnston Company were allowed to purchase the N.W.¼ of Section 35, Township 8, Range 30, West of the ~~Sixth~~ Meridian, at $3.00 an acre, upon satisfactory evidence being furnished of improvements and occupation prior to survey, (Your memorandum of the 14th October last, marked).

The Company now enclose a Solemn Declaration setting forth that they went into actual occupation of the property in 1902, and have been in residence ever since; that they have improvements in the shape of a house valued at $1,000.00, stable valued at $300.00, a granary valued at $200.00, and fencing valued at $250.00, also that they have 120 acres under cultivation.

As the North boundary of this quarter section was surveyed in 1882, and actual occupation was only begun in 1902, the applicants could not, accoring to our present practice, be considered squatters before survey. The Declaration shows, however, that they have fulfilled the other condition, that is to say, evidence of improvements.

Dear Sir:

Re: Gottfried Miller, Wilkie, Sask.

We are having difficulty in obtaining satisfactory proof of age for the above named who claims he was born on September 17th, 1864 in Bessarabia, Russia. He informs us, however, that he applied for a Homestead in about the year 1902 for land located approximately fifty miles directly south of Irvine, Alberta, in the Cypress Hills district. He is not able to record the exact description of the land but he believes it was the N.E. ¼ of Section 36.

If the above particulars are sufficient for your purposes, may we request you kindly refer to your records and let us have a statement of his age as may be recorded.

Yours very truly,

G. P. Allen.

Re S.E. Section 22-12-14-W.4th.

Dear Sirs:

Our client, James Lesher, is the registered owner of the fractional N.E. Section 22-12-14-W.4th, containing about nineteen acres. The balance of the above quarter was at one time covered by the waters of Pickerel Lake. The lake has receded to quite an extent and left an area which is not now covered by the waters of the lake. Our client is desirous of purchasing the balance of the quarter which is not covered by the waters of the lake.

We enclose herewith an abstract to show our clients title to the above fractional quarter.

Yours truly,

BALDWIN & HURLBURT.

Sirs:

Adverting to your application in behalf of Jonas Feather to purchase the area represented to have accrued on the S.E. ¼ of section 22, township 42, range 13, west of the 4th meridian, I may say that according to information received from the Surveyor General the lake bed being this quarter section is classified as a permanent one having well defined banks and not likely to become dry.

The Department is, therefore, not in a position to state what area, if any, may have accrued as the latest township plan available shows the land on this quarter section to be 19 acres only.

I am, however, by a copy of this letter requesting the Agent of Dominion Lands to have an inspector visit this vicinity in the early spring in order that the Department may be furnished with a report as to what area, if any, may have accrued. Mr. Feather's application will, therefore, be held in abeyance until the report which is being called for has been received.

MEMORANDUM:

J. Harvie, Esq.,
Director,
Ordnance, Admiralty &
Public Lands Division.

Re: Frac. L.S. 13 & N.½ of L.S.14 of Sec. 22, Twp. 52, Range 13, W.4th Mer. Area 25.3 ac.

Jonas Feather, owner of the patented portion of Legal Subdivision 13 has applied to purchase the above described land.

The Surveyor General in a memorandum hereunder, states:-

"Mr. Colthem reported that the lake had no visible inlet nor outlet and it was fed by a few springs. The lake was classified as a permanent one having well defined banks. The greatest depth shown by Mr. Colthem's survey was seven feet near the center of section 22. If the level of the water has fallen twelve feet, as reported by the homestead inspector, it is altogether likely that the whole of the northwest quarter would be left dry. So have no information that would indicate whether or not the reported recession is likely to be permanent but if you desire to dispose of the land on the basis of the homestead inspector's report the area of the unpatented portion of the north half of legal subdivision 13 may be taken as five acres and three tenths of an acre (5.3 acres) and the area of the north half of legal subdivision 14 as twenty acres (20 acres)."

The Inspector's report dated the 24th of April, 1929 reads as follows:-

"I have today made a careful inspection of the above fraction, the banks of the lake are well defined. but owing to the water level dropping at least twelve feet the lake has receded several hundred yards from the North line of L.S. 14, and the land is now all grown up with grass of a poor quality. I would recommend that applicant be allowed to purchase the balance of the North half of L.S. 13 and also the North half of L.S. 14, which is now all permanently dry, and which I would value at $5.00 per acre. there are no improvements on the land, approximately 30 acres in all."

I would therefore recommend that the applicant be permitted to purchase the area at the rate of $5.00 per acre, subject to his filing evidence that he is the registered owner of the patented portion of Legal Subdivision No. 13.

Sirs:-

Adverting to your application in behalf of Jonas Feather to purchase the accrued area in the N.W. ¼ of Section 22, Township 52, Range 13, West of the 4th Meridian, I beg to advise you that it has been decided to permit Mr. Feather to purchase the fractional N.E. ¼ of Legal Subdivision 13 and the N. ½ of Legal Subdivision 14 containing an area of 25.3 acres at the rate of $3.00 per acre.

The sale will be subject to his filing evidence of ownership of the patented portion of Legal Subdivision 13 of Section 22. Such evidence may be either in the form of an abstract of title or duplicate certificate of title which latter, if forwarded, will be returned after having served the purpose of the Department. An abstract of title may be secured from the Registrar, Land Titles Office, Edmonton.

Either the whole of the purchase money should be forwarded to the Agent of Dominion Lands, Edmonton, to whom a copy of this letter is being sent for his information, on or before the 31st August next, or one-fourth of the amount within that time limit and the balance in three equal annual instalments with interest thereon at the rate of 6% per annum. Overdue instalments will be subject to interest at the rate of 7% per annum.

Should a further survey be made of the parcel in question before the issue of patent the area which may be shown on the new edition of the township plan will constitute the basis of the sale.

I may add that the sale in this case will be subject to the right of the Province to take for road purposes without compensation prior to the issue of patent such land as may be required not to exceed two and one-half per cent. of the total area, and likewise subject to the right of the Province to take such area as may be required for right-of-way in connection with drainage projects not to exceed one per cent. of the total area. In the event of a deduction in area being made for either or both of these purposes, the account will be adjusted accordingly.

Sir,

S.E. ¼ 2-51-12 W 4

According to plan of township the above fractional ¼ contains 25 acres. My homestead (the N.E. ¼ of 2) contains 140 acres. The land on both is rough, knolly light land, suitable only for grazing purposes. Would I be allowed to include this 25 acres in my homestead? Owing to its size & position it would be worthless to anyone unless he owned the land adjoining.

I am going to fence N.E. ¼ with wire this year and as I dont know exactly where my south line runs, there being no ¼ stake at S.E., it would simplify the work to have permission to fence out to where I take.

On coming here first I inadvertently broke up about 3 acres and fenced about 12 on the 25 acres.

Awaiting the favor of a reply I am

Sir,

Yours faithfully

SIR:-PARAGRAPH:-

Mr. L. W. Clark obtained homestead entry for the NW¼ of Section 7, Township 51, Range 12, West 4th Meridian, on the 14th October 1903, and he now asks that the 27 acres in the SE¼, lying east of the lake, be added to his homestead.

Mr. Clark [illegible] land in both quarter sections in which, known, did not exceed for cultivation only, and that [illegible] by any other person; that he is going to live upon the homestead and it would simplify the matter for him, if he could add these 27 acres. He adds that when he first went on to the land he immediately broke about 7 acres and [illegible] about 12 acres on the NW¼.

The land is poor in the vicinity, and I would recommend, if the Agent knows of no reason to the contrary, that the 27 acres be added to Mr. Clark's homestead, making a total area of 187 acres, and that the excess of 7 acres be paid for at the current rate before patent is issued for the homestead.

Sir,

S. E. ¼ of 2-51-12

Your favor of 16th Ult. came to hand yesterday for which I beg to thank you. By "excess area" I presume you mean me to understand that the four acres which would then be in my homestead over and above the regulation number of 160 would require to be paid for at the current rate before my patent for homestead would be granted. That would be perfectly satisfactory to me.

I am writing Mr. Harrison, the Agent of Dominion Lands, at Edmonton, regarding the matter and remain, Sir,

Sir,

Replying to your letter of the 24th [illegible], respecting the N. E. ¼ of section 13, township 27, range 18, West of the 4th meridian, I am directed to say that there must be some mistake in your application for the above parcel, as the land is surveyed, and contains 159 acres, and is not affected by the river. It may be that you have squatted on that portion of the S. E. ¼ of the section North of the river, which is not yet surveyed.

You should file a Statutory Declaration showing the date of settlement, and the amount of improvements made upon the land, when your application for entry can then be considered.

13th December, 1[illegible]9.

Memorandum:-

On the 1st June, 18[illegible], a patent was issued for that part of the S.W.¼ of section 2, township 36, range 1, west [illegible] meridian, which lies south of the left bank of Red Deer River, to Dennis Sullivan, reserving both the surface and under rights, whereas said patent should have reserved to the Crown all mines and minerals. An abstract of title has recently been obtained from the Registrar at Edmonton which shows that the said land is still vested in the patentee.

Please let me know what we can do in order to have the Department should take steps to have said patent cancelled, which would revest the land in the Crown [illegible] ..., or to have the patent set aside by the courts..

I may say that this land was Mr. Sullivan's pre-emption entered for on the 5th September, 1888. The N.W.¼ of the same section Mr. Sullivan's homestead quarter section was granted to him on the 30th October, 1895, and reserved the mines and minerals to the crown.

In 1908 a patent was issued for an old pre-emption sale, being part of the S.W.¼ of section 2, township 36, range 1, west 5th. meridian, North of Red Deer River, to Dennis Sullivan, but by mistake the mines and minerals were not reserved in the patent. It was ascertained a short time ago from the Registrar at the land that not land disposed of by the patentee.

If it is proposed to take steps to have the under rights reverted in the Crown, the matter should be referred to the Department of Justice, when action will be taken if it meets with your approval.

I also beg to submit a similar case (or file 135618 herewith), which relates to a patent which was issued on the 1st June, 1908 to John Thomson for the S.W.¼ of section 24, township 30, range 27, west 4th. meridian.

These pre-emptions were entered for in 1888 and 1889, respectively, and as all entries made subsequent to the 31st October, 1887 for land West of the Third Meridian were subject to the reservation of the under rights, such under rights, as already stated, should have been reserved in the Letters Patent.

Dear Sir: The King vs. Sullivan B. 1665.

We have received word from our agent at Edmonton that theland patented to Dennis Sullivan still stands in Mr. Sullivan's name. The Caveat has been recorded in the Land Registration Office at Edmonton, and we have written Mr. Sullivan asking him whether he is willing to voluntarily surrender and transfer the lands in question back to the Crown, upon the understanding that they will be immediately repatented to him with a reservation of the mines and minerals. We shall advise you as soon as we hear from Mr. Sullivan.

Yours truly,

Sgd. Chrysler, Bethune & Larmonth.

Dear Sirs,-

Replying to yours of 3rd instant. re S. W. 2 - 36 - 1 - 5, I have to say that I am perfectly willing to do as you suggest in the matter. The whole thing was a mystery to me till I received your letter. I have just looked up my patent for said land and find the concluding words to be "Reserving to His Majesty His Successors and Assigns all mines and minerals." I am not particular how this is worded as long as I get the surface rights to the 99 acres which it is supposed to contain.

Yours truly,

Sgd. D. Sullivan.

Dear Sir,-

We have received instructions from the Department of the Interior to take proceedings to cancel the patent for part of the South-West quarter of Section 2 in Township 36, Range 1, West of the Fifth Meridian, which lies North of the left bank of the Red Deer River, and which was patented to you by Letters Patent, under the Great Seal of Canada, bearing date the 1st day of June, 1908. It appears that by a mistake, upon the part of one of the officers of the Department of the Interior, the mines and minerals were not reserved in the grant of this land. This was, as we have said, an error upon the part of one of the officers of the Department, and that being the case, proceedings may be taken by Information in the Exchequer Court, to set aside the patent, as having been issued improvidently and in error.

We are instructed, however, before taking such proceedings, to ask whether you would be willing to surrender the patent upon the understanding that the land shall be repatented to you by a fresh patent containing the usual reservation of the mines and minerals. If you are willing to take this course, we shall prepare and send to you for execution a transfer from yourself back to the Crown of the lands in question, with an undertaking that the lands will be at once repatented to you with the reserve above referred to.

Please let us hear from you in the matter at your earliest convenience, as the Department are desirous of having the matter disposed of at an early date.

Yours truly,

Sgd. Chrysler, Bethune & Larmonth

Dear Sir: The King vs. Dennis Sullivan S. 1665.

We advised you on the 3rd instant that we had on that date written Mr. Sullivan, asking him whether he was willing to voluntarily surrender and transfer the lands in question herein back to the Crown, upon the understanding that they would be immediately repatented to him with a reservation of the mines and minerals. We have today received from him a letter, a copy of which we enclose, in which he says that he is perfectly willing to do what we suggest in our letter to him, but he also says that on looking at his patent he finds the concluding words to be: "Reserving to His Majesty, His Successors and Assigns all mines and minerals". If Mr. Sullivan is correct as to this, we think there must be some mistake in the instructions which you have received from the Department of the Interior. We shall, therefore, defer further action in this matter until we hear from you.

Yours truly,

Sgd. Chrysler, Bethune & Larmonth.

Sir,

With reference to your letter of the 16th ultimo, Ref. B.1665, enclosing a letter from Messrs. Chrysler, Bethune & Lermonth, Barristers, I am directed to enclose, herewith, copy of the letters Patent which were issued on the 1st June, 1908 to Dennis Sullivan for part of the S.W.¼ of section 2, township 36, range 1, west 5th meridian, containing 99 acres.

It will be observed that in such patent the mines and minerals were not reserved. Mr. Sullivan is, therefore, mistaken in stating that his patent reserved the mines and minerals to the Crown. It is possible, however, that Mr. Sullivan may have referred to the patent which was issued in his favour for his homestead quarter section, which latter patent did reserve the mine and minerals to the Crown.

Memorandum :- 1350918-

Mr. Clidden :-

The King vs Thomson.
Withdrawal of Caveat.

I was aware when I prepared my memorandum to the Deputy Minister of the 31st August last, and my memorandum to Mr. Pugsley of the 24th ultimo, that the "Withdrawal of caveat" in duplicate in this case was still attached to the file.

My reason for that memorandum to Mr. Pugsley ultimo is that Mr. J.A.Coté's memorandum of the 1st instant, addressed to Mr. Dixon has not been answered and that no decision has been made as to the question submitted to the Deputy Minister by my memorandum of the 31st August last. Until the Deputy Minister decides whether Johnson is or is not to pay the costs in this matter I cannot prepare necessary letter to the Deputy Minister of Justice, and until the Deputy is advised as to the reason for filing the caveat and now withdrawing it, he cannot well give a decision.

It does not follow that because Sullivan in the case to which file 1160863 relates has to pay the costs, Thomson must do so, unless the facts in the Thomson case are identical with those in the Sullivan case. If they are the same please put a memorandum upon this file (1350908) to that effect

and

and I will assume that the decision in the Sullivan case should be followed in this case - without further reference to or decision by the Deputy Minister. If the facts are not the same please set them out in a proper memorandum.

I return both files above mentioned, herewith.

Dear Sir:-

The King vs. Sullivan - E. 1665.

We beg to acknowledge the receipt of your letter of the 27th. instant, returning the notice of withdrawal of Caveat herein, duly signed.

We note that you are instructed by the Department of the Interior that it is considered that the defendant should pay all costs, including our fees, registrar's fees, and all other fees for necessary searches in the Land Titles Office, or any other office, in connection with having the patent herein cancelled, and the land in question repatented to Mr. Sullivan. Our understanding of this matter is, that owing to the error of some one in the Department of the Interior, the patent for the lands in question, granted to Mr. Sullivan, did not contain a reservation of the mines and minerals, and our first instruction were, before taking any proceedings to set aside the patent, to ascertain whether the patentee would not be willing to voluntarily surrender the patent upon the condition that the lands shoul be repatented to him with the usual reservation as to the mines and minerals. On our writing to Mr. Sullivan, he at once agreed to surrender his patent, upon the understanding that the lands should be repatented to him, and we do not see, under the circumstances, how it would be possible to charge him with the expenses incurred in repatenting the land, when the error in the original patent was due to the mistake of some one in the Department. There is nothing to show that Mr. Sullivan was guilty of any impropriety and, as stated, upon the mistake in the patent being brought to his notice, he at once agreed to voluntarily surrender the same.

We shall be glad if, in veiw of this, you will kindly let us have your further instructions regarding this question of the expenses of cancelling the first patent and repatenting the lands to the defendant.

The Deputy Minister of Justice,

Dear Sir:

* RE. THE KING vs. SULLIVAN - B. 1665 *

We have today received from our agent at Edmonton, a Certificate of Title shewing that the lands in question herein, viz: "All that portion of the South-west quarter of Section "Two (2), Township Thirty-six (36), Range One (1), West of the Fifth Meridian, in the Province of Alberta, Dominion of Canada, which lies to the North of the left bank of the Red Deer River, as shewn upon a map or plan of survey of the said Township, approved and confirmed at Ottawa, on the 18th day of January, A. D., 1887, by Edward Deville, Surveyor General of Dominion Lands, and of record in the Department of the Interior, containing Ninety-nine (99) acres more or less" are now vested in His Majesty King George the Fifth.

The title of His Majesty is subject to the Caveat filed by Mr. Cory on behalf of His Majesty, but we are advised by our Agent that under the practice pursuant to the Land Titles Act of Alberta, when a Transfer is filed from the Caveatee to the Caveator, the claim is merged in the Transfer and that, therefore, it is unnecessary to register the withdrawal of the Caveat Our agent, therefore, returned to us the Notice of Withdrawal of the Caveat and we enclose it herewith in case when the lands in question are re-patented to Mr. Sullivan it may be found necessary to record the withdrawal of the Caveat. We also enclose the duplicate copy of the Transfer from Mr. Sullivan to His Majesty.

The settlement of this case provided that when Mr. Sullivan had surrendered the lands, he should receive a fresh patent reserving therefrom the mines and minerals. The Department will now be in a position to re-patent the lands to Mr. Sullivan in accordance with this agreement.

Yours truly,

Sd: Chrysler, Bethune & Larmont

The Honourable Charles Stewart,
Minister of the Interior,
O t t a w a.

MEMORANDUM:

Request for Transfer of Dominion Lands.

re: Robert Armstrong, No.100919,
S.E.¼ 23-58-2-W.5th M. - Hsd.

The above named settler secured advances from the Board totalling $3386, the Board taking a charge upon his unpatented homestead above described. Owing to such charge, patent to the homestead cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of an application from Mr. Armstrong requesting that patent to his homestead should be issued in favour of the Board. Mr. Armstrong states that he has completed all duties in connection with his homestead and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letter from the Secretary of the Department to the settler, dated the 6th March, 1926.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921, (P.C.1921), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board her by requests that the right, title and interest of His Majesty in the S.E.¼ 23-58-2-W.5th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted,

Chairman.

Dear Sir:-

re: George Johnson

I wrote on behalf of George Johnson to the Department of Lands and Forests, Edmonton, because I am acting as solicitor for George Johnson to obtain an Old Age Pension for him. He has no Birth Certificate and we have to fall back on the secondary proof of age furnished, for example, by the data on file in connection with his entry for homestead. Mr. Hood, Director of Lands, has suggested that I might write to you as Mr. Johnson filed for the NW¼ of 24-32-23 W. 4 on March 2nd 1907. If you have anything on file which would help me to prove Mr. Johnson's age I would be glad if you would write me as soon as possible.

Yours faithfully,

JOHN BOYD.

MEMORANDUM:

Request for transfer of Dominion Lands under Section 27 of the Soldier Settlement Act.

re: H. A. Carson,
N.E.¼ 20-16-21-W.4th, (Msd.)

The above described land was secured by this settler under homestead entry. The settler made default in the terms of his agreement with the Board and abandoned the land. His agreement has been rescinded.

The settler was established with a loan in April 1920, and in due course secured advances from the Board amounting to $6813.69, as follows: land purchase, $4800; stock and equipment, $1548.54; special advances, $465.15. As security the Board holds a charge on the settler's homestead. There is no other land security in this case as the quarter-section purchased for the settler, namely the N.E. 7-17-22- 4th was [illegible].

This settler was given permission to be absent from his farm for 1922, but he never returned, except for a short period in the fall of that year when he agreed to make a payment to the Board of $50 per month, which agreement was not carried out. The settler later obtained a good position in Prince Albert, Saskatchewan, and he appeared to have lost interest in his farm adjustment proceedings were instituted. Thirty day notice was forwarded to him on the 10th March, 1923, to which no defense was filed.

After crediting the sale price of the quarter-section purchased for the settler his indebtedness amounts to $[illegible]. The latest valuation placed on the homestead is $1695. No arrangements have been made for the disposal of this land and no offers have been received.

The land in question being charged land within the meaning of Section 27 of the Soldier Settlement Act, and the settler being in default with respect to the terms and conditions of his agreement made with the Board, it is hereby requested that the right, title and interest of the said settler in the above land be forfeited and the said right, title and interest of the settler, and also the right, title and interest of His Majesty to and in the said charged land be vested in the Board.

The Board has an effective charge on the land under the recent amendment to section 38 of the Act, as all the advances referred to in the second paragraph hereof were made to the settler subsequent to his entry for his homestead.

OTTAWA - October 20th, 1924.

THE HONOURABLE CHARLES STEWART,
Minister of the Interior,

MEMORANDUM:

Request for Transfer of Dominion Lands.

Re: Wm. H. Huddle, #V.R.4073.
S.E.¼ 16-12-28-W.4th M. - Hsd.
S.W.¼ 35-12-28-W.4th M. - S.G.

The above named settler secured advances from the Board totalling $2060., the Board taking a charge upon his unpatented homestead and soldier grant above described. Owing to such charge, patent to the homestead and soldier grant cannot be issued to the settler until his indebtedness to the Board has been fully discharged.

We are now in receipt of an application from Mr. Huddle requesting that patent to his homestead and soldier grant should be issued in favour of the Board. Mr. Huddle states that he has completed all duties in connection with his homestead and soldier grant and would be entitled to receive patent therefor were it not for our charge. This is confirmed by the letters from the Secretary of the Department to the settler, dated 12th August, 1924, copies of which are attached hereto.

In order to enable a settler to negotiate a sale of land in cases of this character, special Regulations were promulgated by the Board as approved by the Governor in Council on the 4th day of June, 1921, (P.C.1821), which enables the Minister, on completion of duties by the settler and on the request of the Board, to vest the settler's right, title and interest in the unpatented land held by him in the Board, title remaining in the Board until the settler's indebtedness to it has been repaid. Under the provisions of these Regulations, the Board hereby requests that the right, title and interest of His Majesty in the S.E.¼ of 16 and the S.W.¼ of 35-12-28-W.4th M. be vested in the Soldier Settlement Board. The Vesting Order covering same is attached hereto for the Minister's signature.

Respectfully submitted.
